Two-Factor Authentication with DUO Security

All LSCO applications such as MyGator, Office 365, and Blackboard, will require two-factor authentication using Duo Security, which adds an extra verification step to make sure that you are who you say you are. You are probably already familiar with similar systems for your online banking or other personal accounts.

Please complete the registration process before as soon as possible to avoid delays in accessing your LSCO online applications. If you do not receive an email about the setup process or if you have any questions or problems during the process, call the Help Desk at (409) 882-3033 during normal business hours.

Setting Up Duo

**Step 1: Install the Duo Mobile app on your device**

![Duo Mobile App](figure1.png)

Duo Mobile is available for download on the Google Play Store for Android devices and the Apple App Store for iPad, iPhone, and Apple Watch. If prompted during or after the installation, allow Duo Mobile to send push notifications and access the camera.

**Step 2: Enroll your device**

Enrollment instructions for Duo are sent out by email. During the campus-wide rollout, this email will be sent to college email accounts. After that, new students will receive instructions after applying to LSCO and new employees will receive instructions during the onboarding process.

1. Click the enrollment link in the email.

2. A web browser will open with screens to guide you through the enrollment process. Read the first screen then click or tap Start setup.
3. You will then be prompted to perform the following actions:

Gator Book Pack

All your books in one bundle.

The Gator Book Pack is our affordable textbook rental access program that provides students with all required rental textbooks, lab manuals, access codes, and electronic book versions before the first day of class!

This pack allows students to receive their textbooks for all of the classes that they register for at a standard rate of $24 per semester credit hour. However, a Gator Book Pack scholarship will decrease the standard rate to only $14 per semester credit hour! For example, if a student is registered for 10 semester credit hours, the cost of textbooks is $140. The cost can be paid by financial aid or by the student. If a student enrolls in a payment plan, this charge will be included in the payment plan calculations. Supplies are not included in this program and will need to be purchased separately.

How It Works

Register for your courses
Upon registering for courses, students will be automatically enrolled into the program.

Verify your order
After registering for courses, you will receive an email to select the preferred delivery method for your Gator Book pack. If you do not receive an email, you can access the Gator Book Pack within MyGator by clicking on the Gator Book Pack card.

Receive your books
An email notification will be sent when your order is ready for pickup or when it ships. Your digital materials will be delivered for your course(s) within Blackboard.

Visit: lsco.edu/gatorbookpack/ for more details on the Gator Book Pack.
For questions regarding the Gator Book Pack, students may email: gatorbookpack@lsco.edu

Opt-Out/ Opt-In

We encourage students to enjoy deeply discounted and guaranteed course material for the first day of class. We also understand this program may not meet the needs of every student. If you do not wish to participate in the Gator Book Pack program, you will need to opt-out every semester.

Students can access the link to the Opt-Out through the Gator Book Pack card in myGator or on the Gator Book Pack page. The link to the opt out will be available during the Opt-Out Periods.

You may only opt-out of this program after your registration is complete. Your program status will be final after the census day.

Open Educational Resources (OER)
Several instructors at LSCO use OER materials in their courses. This means that the textbook or class materials for these courses are available to access or download for free or a low cost. A current list of these courses can be found at Open Educational Resources.
Texas Success Initiative (TSI)

The TSI Assessment is a program designed to help your institution determine if you are ready for college-level course work in the general areas of reading, writing, and mathematics. If you are an incoming college student in Texas, you are required to take the TSI Assessment — unless you are already exempt (see below) — to determine your readiness for college-level work. Based on how you perform, you may either be enrolled in a college-level course that matches your skill level or be placed in the appropriate developmental course or intervention to improve your skills and prepare you for success in college-level courses.

Students should contact the Advising Department to determine specific testing requirements, or click below to view testing exemptions and exceptions.

TSI Exemptions and Exceptions

Online resources to support students taking the Texas Success Initiative Assessment 2.0 (TSIA2) for course placement are linked on the Learning Center’s Test Prep webpage: Test Prep

TSI Pre-Assessment Activity
All prospective students are required to complete a Pre-Assessment Activity (PAA) prior to scheduling the TSI. More information about LSCO’s PAA can be found here - TSIA2 Pre-Assessment

TSI English Language Arts (ELAR) Sample Questions

TSI Mathematics Sample Questions -

TSI Scheduling and Fees - You should plan three to four hours for taking the TSIA2 Assessment. On the day of testing:
• Arrive at the Testing Center 10 minutes before test time.
• Scratch paper is provided.

• Calculator is embedded in the assessment
• Bring: Photo identification (DL or DPS ID) and receipt from cashier - English Language Arts & Reading (ELAR) $15, Math only $10, Complete Assessment $25.

Scores will be available immediately upon completion of the testing session and you will be able to meet with an advisor to discuss course placement. If you are not satisfied with your scores, you may retake any or all sections of the TSI Assessment 2.0. We strongly recommend you take some additional time to review sample test questions prior to retesting.

The Great Gator 8

A course model designed to improve student success.

Lamar State College Orange offers an 8-week class model in which the Fall and Spring will be split into two 8-week terms. When possible, students will take 8-week classes instead of 16-week classes, allowing them to focus on just two or three classes at a time.

This schedule will help students stay on track and graduate on time. Specific outcomes include:

- a decrease in burnout that can happen with 16-week courses;
- part-time students can qualify as full-time, allowing more access to financial aid;
- improved student experience and an increase in positive feedback on the quality of courses (based on our pilot of LSCO business classes); and
- students graduate and enter the workforce sooner.

The LSCO Library is located on the first and second floors of the Ron E. Lewis Library building, located in the center of campus. Library operating hours vary by semester, so be sure to check library.lsco.edu for current information.

**The Collection**

The library houses more than 36,000 print books and periodicals. Students may borrow up to 25 books for three weeks and 2 media items for two days. Current campus ID cards are required in order to check out any library materials.

Students may place a hold on library material by finding the item in the catalog, selecting “place hold,” and logging in with their campus identification number (R800#####) and PIN (birthday MMDD). Students will be notified via email once their hold is ready to be picked up at the 1st floor circulation desk. Curbside delivery is available by request.

If a student needs a title not found in our collection, we invite them to use the Inter-library loan form on our webpage to request that we borrow that title from another library.

The library also provides online access to over 45,000 ebooks and 115,000 periodicals via our 77 subscription databases. The majority of these titles can be accessed by using GatorSearch, our single search service. All online library resources can be accessed with the student’s school email and password. (NetID@my.lsco.edu)

The Overdrive ebook and audiobook collection is available for both iOS and Google Play compatible devices, and contains both fiction and nonfiction titles.

The Learning Express Library houses skill practice, tutorials, and test prep for many popular subjects and tests. Here students can find tutorials and practice for basic math, algebra skills, reading and grammar skills, as well as basic computer skills and Microsoft Office tutorials. Students can also find practices tests for the ACT, SAT, TEAS, Dental Assisting, CDL, EMT, NCLEX-RN, NCLEX-PN, Real Estate, Praxis exams, and many more.

**Study Space**

The library has 52 computers spread across three labs available for student use. All computers are networked to black and white printers. Printing is free, but we ask that a student limit their printing to school related tasks, and print no more than 500 pages over the course of the semester.

There are two scanners on the first floor for students to create digital documents or print to a printer. A copy machine is located on the 1st floor past the circulation desk. The copy machine is ten cents per page with prints in black and white only.

The second floor is home to two study rooms and multiple tables, chairs, couches, bean bags, and a pair of fitdesks. We ask that students respect those around them who are studying and keep all noise to a minimum.
**Librarians**

The library has two librarians ready to assist students with their research needs. The library collection is vast, and the internet even more so. Our librarians have extensive knowledge of the library collection, are trained in finding online information, and can save students valuable time with our research expertise. We can also help with constructing citations, formatting papers for APA or MLA, and troubleshooting any issues that come up while accessing online resources.

Students can visit the librarian on duty in person, by phone at (409) 882-3082, by email LSCOLibrary@lsco.edu, or by using the chat box located on library.lsco.edu. Any email or chat received while the library is closed will be responded to as soon as possible the next business day. Students are also encouraged to use the Book a Librarian button located on library.lsco.edu to reserve dedicated one on one time.

Students can follow us on Facebook for news on library resources and events. The library can also be found on YouTube where we have uploaded tutorials on how to use our most common resources, and created playlists of videos on information literacy and various campus resources.
